CRISTIAN SEMENIUK

FRONTEND DEVELOPER

As a self-taught person I have specialized in design, finance and my new path is programming.
Eager to learn and develop solutions to meet market demand.
I solve problems in the best possible way and provide a different solution.

PROJECTS

2022

For 4 months I have been constantly doing projects and improving more and more, both in design and technology.

This is my last job where I show my skills with HTML, CSS and JavaScript.

‹Semeniuk/›

Frontend Developer

Creating dreams trought websites.
